The three short novels in this volume are related not simply by their milieu of Chinese culture but also by how the supernatural world - or our fears of it - can dramatically shape events in our daily lives. In *Bones of the Chinamen* the hellish world of the Chinese slave trade is recreated; a world of violence, cruelty and sudden death. In *Dragon Slayer*, an American helicopter crew is suddenly transported from 1968 Vietnam into 1857 China where they find themselves caught up in the midst of yet another war. In *Golden Dragon*, along the barren coast of Down East Maine, local thugs kill employees of a Chinese restaurant, and believe themselves safe from retribution; until a mysterious and beautiful Chinese woman appears.
